

O'Rafferty's Motor Car

Timing 4/4

Intro: The **[D]** burning question of the day is **[G/]** Rafferty's **[A/]** motor **[D//]** car
Now **[D]** Denny O'Rafferty's motor car is the **[G]** greatest **[A]** I **[D]** declare
It's made up of bits and pieces that he **[E7]** picked up here and **[A]** there
The **[Bm]** engine must be **[F#m]** ages old but it's **[G]** still got lots of **[A]** power
With a **[D]** gallon of stout in the petrol tank it does **[G]** ninety **[A]** miles an **[D]** hour.

CHORUS:

Oh, **[D]** what a wonderful motor car; it's the **[G]** greatest **[A]** ever **[D]** seen
It used to be black as me father's hat, now it's **[E7]** forty shades of **[A]** green
On **[Bm]** TV and the **[F#m]** radio and in **[G]** every public **[A]** bar
The **[D]** burning question of the day is **[G]** Rafferty's **[A]** motor **[D]** car.

Now **[D]** two of the wheels are triangular and the **[G]** third one's **[A]** off a **[D]** pram
The fourth is the last remaining wheel from **[E7]** off a Dublin **[A]** tram
The **[Bm]** number plate's in **[F#m]** Gaelic and the **[G]** plugs won't even **[A]** spark
And the **[D]** chassis came off of a tinkers' cart that col-**[G]**lapsed in **[A]** Phoenix **[D]** Park.

CHORUS

Now **[D]** Denny was driving around last week when the **[G]** engine **[A]** did the **[D]** splits
It went up in smoke and nearly blew O' **[E7]** Connell Street in **[A]** bits
They **[Bm]** searched around for **[F#m]** Denny and found he'd **[G]** landed up by **[A]** heck
A-**[D]**way up on top of the GPO with his **[G]** L plates **[A]** round his **[D]** neck.

CHORUS:

Oh, **[D]** what a wonderful motor car; it's the **[G]** greatest **[A]** ever **[D]** seen
It used to be black as me father's hat, now it's **[E7]** forty shades of **[A]** green
On **[Bm]** TV and the **[F#m]** radio and in **[G]** every public **[A]** bar
The **[D]** burning question of the day is **[G]** Rafferty's **[A]** motor **[D]** car.
